SEPTEMBER 2004 SHOW

Wow September 2004. Time flies when you're having fun, doesn't it?! Well, all of us in the Entertainment Department have had a lot of fun producing this latest show for you guys. Packed with upbeat songs and familiar faces, you're gonna love the new September Show. Now, I'm not going to lie…it's been a challenge to keep the ball rolling on this production due to the construction we've had going on. What? Have you not heard? The Entertainment Department was basically pulled apart and put back together again. You know, "let's put this stage there…and let's move the edit bay over there." Oh, it's been crazy! But finally, the dust has settled (literally) and we've been able to resume some sort of normalcy.

One of September Show elements that we are so excited about is the Live Show. Do you know how to Hand Jive? I'm sure you do. Get this…we were able to secure licensing to "Born to Hand Jive" from the movie GREASE. Woo-Hoo! You can't get much more interactive than that, huh? We are so excited about the potential you have with your guests with this new Live Show. Get everybody up, singing, and dancing…it's sure to be a hit! From all of us in Entertainment, "we love making magic for you!"

Peace,

-Robert Gotcher

Dept. 18 Construction

What A Mess!

This will work, right?

Ok Ryan, you're the new guy so you clean it up.
